

From Richmond Bridge

There is **no left turn** into Wood Island Office Complex so you must follow Sir Francis Drake Blvd past Larkspur Landing Circle on right and past Larkspur Ferry on left. **Go underneath Hwy 101** and stay straight towards Kentfield.

At first traffic light and gas stations **make a U-turn** and return staying left to pass underneath Hwy 101 again. Once under the highway, get immediately to the **right and drive slowly**. There is a merge from your right from 101 North, please be careful there, but stay to the right.

Right turn entrance is just 50 yards after merge from 101 (after passing a vacant storefront and a Kayak Outdoor Rental store) – the entrance is just before a blue and white sign for Equity Office Properties – Wood Island Office Complex. Go uphill to parking lot, drive to the middle right side toward far end where you will see a red phone booth in the center island. Parking available for visitors in that area near red phone booth. Entrance is at the double doors with a large 80 on the entrance awning.
